WILDCAT ACADEMIES

AVID: Advancement Via Individual Determination

AVID is designed to increase school- wide learning and performance. Students learn organizational and student skills, work on critical thinking and asking probing questions, get academic help from peers and college tutors, and participate in enrichment and motivational activities that make college much more attainable.

Doctors Academy: The Starting Point for Medical Careers

For students interested in medical careers, Sunnyside's Doctors Academy is the place to be. This rigorous program gives you the chance to work in a real hospital.

Criminal Behavioral Sciences Academy: Making a Difference

For those who want to serve their community, the Criminal Behavioral Sciences Academy puts you on the path to a career in education, social work or criminology.

Video Production Academy: A Hands-on Approach to Learning

The Video Production Academy is for students interested in the technological, as well as historical and artistic worlds of video production. You'll receive hands-on training in pre- and post-production jobs, current and emerging technologies, and the creative process used in video production.

WILDCATS

Sunnyside High School Course Electives

VISUAL ARTS DEPARTMENT

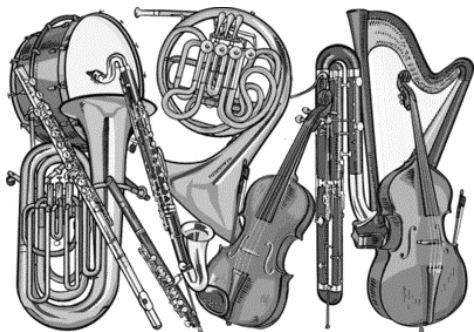

ART 1

Students learn the basics of art, develop drawing skills, learn to work with many art materials, mix and use colors, gain working vocabulary of art terms and use the elements and principals of design to create original artworks.

CERAMICS 1

Course focuses on basic techniques for making creative ceramic pieces. Students will learn basic formation techniques: pinch, coiling and slab, wheel throwing, decoration, glazing and firing procedures. Students study historic works and make original pieces based on research.

PERFORMING ARTS DEPARTMENT

BEGINNING BAND

Students will be introduced to the fundamentals of music reading, performance of band instruments, and the basics of music theory.

MARCHING BAND

Students in this course will develop their skills in reading music, performance of band instruments and basic music theory. Marching band is open to any student demonstrating Level II proficiency or higher of this Fresno Unified course of study and appropriate California Music Standards.

SYMPHONIC ORCHESTRA

A highly select group of string players performing the finest in orchestral literature, in which proper orchestral technique, ear training skills, music theory, and appropriate rehearsal/performance disciplines will be taught and maintained within the group. This is a performance-based class and public performances are scheduled according to progress and abilities.

STRING ENSEMBLE/ORCHESTRA

This course is open to string players enrolled in Symphonic Orchestra. Students study symphonic orchestra music and work on ensemble and chamber music throughout the year. This course is open to violin, viola, cello, and string bass students. Public performances are scheduled according to progress and abilities.

PERCUSSION ENSEMBLE

Class where percussionists from all performing groups develop their skills. Basic through advanced techniques of performing on various percussion instruments will be taught along with reading music, ear training and rhythmic dictation.

CONCERT BAND

Open to any student demonstrating Level II proficiency or higher. Students in this course will further develop their skills in reading music, performance and music theory. Regular practices, public performances and competitions after school, at night and/or on weekends may compromise activities of this group.

BEGINNING CONCERT CHOIR:

MEN'S, WOMEN'S, & MIXED

This course presents a study of choral literature leading to the development of musicianship and proficiency choral in ensemble performance. Emphasis will be placed on upon vocal techniques and sight singing through concentrated rehearsals.

Sunnyside High School Course Electives (continued)

ADVANCED WOMEN'S CHOIR

Course for the highly motivated and musically talented students. These ensembles are capable of performing at the highest level of proficiency.

BEGINNING JAZZ BAND

Study of literature and performance techniques or past and present pop/jazz music with emphasis on correct style and feel. Recommended for instrumentalists with little or no jazz experience.

ADVANCED JAZZ BAND

Open to students of advanced proficiency to study literature, rehearsal and performance techniques of past and current popular-jazz music.

PERCUSSION

This class is where percussionists from all performing groups develop their skills. Basic through advanced techniques of performing on various percussion instruments will be taught along with reading music, ear training and rhythmic dictation.

PIANO

Designed to teach students basic music skills and beginning piano technique and style. Students will learn the fundamentals of music theory and ear training skills.

THEATRE

Designed to present types of drama, interpretation, and acting techniques as well as studies in reading, acting and the production of scenes and one-act plays.

FOREIGN LANGUAGE DEPARTMENT

SPANISH NATIVE SPEAKERS I & II

Course is designed for students whose home language is either exclusively Spanish or bilingual Spanish/English. This is for students who are already speaking Spanish very well. Course is conducted in target language.

***Spanish 1 is for students wanting to learn basic Spanish.**

HMONG HERITAGE I & II

Course is designed for students whose home language is either exclusively Hmong or bilingual Hmong/English. Emphasis is on improvement of oral language skills as well as advancement in reading comprehension and writing ability. Other goals include appreciation of Hmong history and culture as well as improved communication between parent and child. Course is conducted in target language.

***Hmong 1 is for students wanting to learn basic Hmong.**

SUNNYSIDE PATHWAYS

Linked Learning

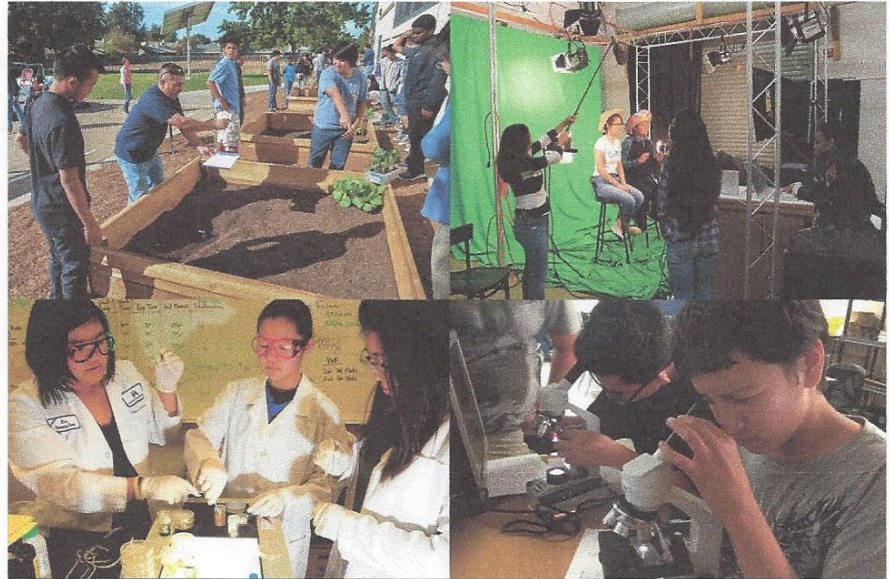

is a proven approach to education that combines college-focused academics, work-based learning and intensive student supports.

Pathway Students

are 12 percentage points **MORE LIKELY** to report having support navigating decisions on what they wanted to do after graduation than their peers.

70% of 9th Grade

students at Sunnyside High School are enrolled in a Pathway Cohort.

COLLEGE & CAREER READY

PROJECT-BASED

Investigate and respond to an engaging and complex question, problem, or challenge.

PRACTICAL EXPERIENCE

Professional skills and industry-related knowledge woven into lessons and assignments.

RIGOROUS ACADEMICS

Develop the capacity to understand content that is complex and challenging.

BY CENTERING HIGH SCHOOL AROUND INDUSTRY THEMES, LEARNING BECOMES MORE RELEVANT

PATHWAY CHOICES

AGRISCIENCE & TECHNOLOGY

Develop essential career preparation skills through technical and experiential education, as well as personal leadership opportunities within the exciting industry of Agriculture and Technology.

HEALTH & HUMAN SERVICES

Gain knowledge and experience in the fields of human services, education, health, and medicine. Students will participate in direct and hands-on instruction, as well as real-world experiences and presentations by professionals.

MULTIMEDIA & MARKETING

Examine the multiple uses of video and print technology in various entertainment and industry sectors. Students will receive hands-on training in pre- and post-production jobs, current and merging technologies, and the creative process.

WHAT IS A LINKED LEARNING PATHWAY?

A Linked Learning pathway is a sequence of industry themed curriculum that incorporates career and technical courses, core academic courses, work-based learning opportunities and student support services. By blending theoretical knowledge with real-world application, Linked Learning pathways result in relevant educational experiences that prepare students for college, career, and life.
